JET HELICOPTER SIMULATOR VIDEOGAME!

SEGA®

PRINTED MATTER © SEGA 1988

Thunder Blade™

SEGA's highly acclaimed THUNDER BLADE™
is now available in a compact ECONOMY
UPRIGHT cabinet.

Experience the thrill of maneuvering an attack helicopter by skillfully operating the Control Lever, Speed Throttle and Missile Launcher button every command fully reproduced with simultaneous on-screen movement...a high action surface and air battle adventure with "slalom" obstacles combining perpendicular ground scenes along with vividly colored and detailed graphics of mid-air flight, all realistically presented in a stunning 3-D perspective.

GAME FEATURES

- A lightweight and compact cabinet which requires only limited space for installation.
- A Control Lever which utilizes a special vibration mechanism to give you the actual "feel" of aerial combat.
- Features high-resolution graphics, full stereo sound and realistic player controls.
- Its low price and proven earning power ensure the operator a healthy ROI.

ECONOMY UPRIGHT
